Finding out the Spelling of a Word

To find out the spelling of a word, follow these suggested steps:

1. Press and hold down the HOME button, or the Side button on devices without a Home button, until you hear a high pitch double bell tone. This indicates that Siri is listening to you. Upon doing this, a message will be displayed which says "What can I help you with".
2. Now say "Spell" followed by the word you want to find out the spelling of. Upon doing this, Siri will say the word, then it will spell it, nice and slowly!

Finding out the Definition of a Word

To find out the definition of a word, follow these suggested steps:
