

## Do you know someone that can't afford to top up their pre-payment meter?

Our Energy Saving & Fuel Voucher Scheme helps those who are struggling to pay for their energy with advice and information as well as providing emergency fuel vouchers to help families in times of crisis and financial hardship.

### How does the scheme work?

To be eligible for a fuel voucher you must have a prepayment meter and be referred by an independent third party. A referral can be made to [davidcarter@surreyca.org.uk](mailto:davidcarter@surreyca.org.uk)

Free and impartial advice and information is also available and if eligible, a voucher can be provided via text message or email. You are also provided with extra information, which details other help and signposts you to additional support.

## Referral Information.

We need the following information to offer an individual a fuel voucher.

**Full name:**

**Address:**

**Mobile number:**

**Email address:**

**Referring Agency:**

**Energy Supplier:**
